

A terminal window titled "user1@localhost:~" with search, menu, and close buttons. It displays a list of 70 commands from a history file, followed by the execution of "cd .." and "cat text.txt", which shows a list of names and salaries. The window has a dark theme and a vertical scrollbar on the right.

```
56 cat prog.c
57 cat file
58 cd code
59 vi bankers.c
60 gcc bankers.c
61 vi bankers.c
62 gcc bankers.c
63 ls
64 ./a.out banker.c
65 vi bankers.c
66 gcc bankers.c
67 ls
68 ./a.out banker.c
69 vi bankers.c
70 history
[user1@localhost code]$ cd ..
